BULB, PLANT AND SEED LIST

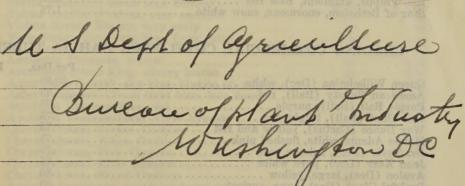

of -

Monarch Plant Farms

P. O. Box 963

Kalamazoo, Michigan

Dear Customer:

Again it is our pleasure to mail you our latest wholesale trade list of the finest bulbs, plants and seeds that can be bought.

For the first time this year we have added some of the finest flower seeds obtainable and as seeds imports are prohibited now from Europe many varieties will be exhausted very soon.

Labor is increasing all the time but we will ship all orders at present prices until sold out.

Floods, labor trouble, etc., beyond our control will release us for filling orders. Advise to place orders early on any stock you may desire.

Our stock is the best money can buy.

Our terms are always cash or C. O. D.

Yours for better Crops.

GLOXINIAS

As this stock cannot be imported from Holland or Belgium any more and demand for these potplants is heavy in this country you can see why demand is no enormous.

Start the tubers in 4 inch pots, mixture of leafmold, sand and a little rotted cow manure with good bottom heat, keep shady until leaves appear, be careful with the watering, use a can instead of hose, keep moist, not too wet or not too dry. Be sure to keep the leaves dry. Potplants retail from \$1.50 to \$2.50 each when in bloom.

BEGONIAS TUBEROUS ROOTED

This item cannot be imported from Holland or Belgium any longer and as a ready seller as potplants stock is always scarce.

Place tubers in boxes on light soil, close together and then cover with earth one inch above the bulb. Just keep moist. When plants begin to develop plant them over in pots which will retail from \$1.00 to \$1.50 each.

Select your own color, we can supply salmon, yellow, white, scarlet, copper,

rose, dazzling red.
